

Aromatherapy in Aged Care Kits and Programs

More than just scents in little bottles....

The kits and programs have been designed and developed by Clinical aromatherapist Sana Turnock, a consultant in aged care since 1998.

- The Sleep Tight Kit
- The Palliative Care Kit
- The Wound Care Kit

All kits include quality products, an education session and the exclusive Aromatherapy in Aged Care Education Guide. The Guide is jam packed with aromatherapy information specific to aged care. Informative, easy to read and follow up with self paced assessments the Guide works hand-in-hand with quality essential oil products

Also available are

- Sleep programs
- And ongoing programs

**Discuss your needs today with
qualified clinical aromatherapist
Sana Turnock**

*Receive quality products and service from someone who really knows the industry.
After all it makes sense to discuss therapeutic scents with a professional*
